Employment, Skills & Training

- We have created one job since starting the project
- In November 2023 we delivered a site visit to 17 students studying MSc Construction Management at the University of Westminster.
- In November we supported a T-Level Placement Selection Event hosted by the City of Westminster College; we interviewed 8 T-Level students.
- In January 2024, we interviewed four T-Level students from the eight students we interviewed back in November for a 45-day industrial placement.
- To date, we have delivered three educational events, engaged 29 students, and invested 21 staff hours.

What's in the pipeline:

- T-Level student due to start on site.
- Supporting the delivery of Amplify Me programme, a 5-week mentoring programme for year 10 King Solomon School students.
